Some subset of the following lines will be retained by the marker.

- Up to Stage 1 initial allocation, +1.
- Up to Stage 2 initial allocation, +2.
- Up to Stage 3 initial allocation, +3.

Additions (included in total mark only if marks lost within this first section)

- comment that says "algorithms are fun", +0.5;
- overall care and presentation, +0.5;

Structure and Approach

Including: decomposition in to functions, development of data structures and declaration of them at the appropriate locations,

choice of parameters to functions, use of appropriate `struct` and `typedef` declarations, choice of algorithms or methods.

Some subset of the following lines will be retained by the marker.

- Up to Stage 1 initial allocation, +1.
- Up to Stage 2 initial allocation, +2.
- Up to Stage 3 initial allocation, +3.
- Up to Stage 4 initial allocation, +4.
- Up to Stage 5 initial allocation, +4.

Deductions

Some subset of the following lines will be retained by the marker. Marks in each section won't go below zero.

- other structural issue (minor), -0.5; - `find_word` has the side effect of sometimes printing `NOT_NAME...` might be better to let code that calls it do the printing

Other comments from marker:

3.5/4

Program Execution

Including: compilation, execution on test data, output presentation and readability.

Programs that do not compile in the test environment will lose all marks in this section. Be sure to `verify` your submission and **check the output** before you say "finished" to yourself.

Some subset of the following lines will be retained by the marker.

- Up to Stage 1 initial allocation, +2.
- Up to Stage 2 initial allocation, +4.
- Up to Stage 3 initial allocation, +6.
- Up to Stage 4 initial allocation, +8.

- Up to Stage 5 initial allocation, +8.

Deductions

Some subset of the following lines will be retained by the marker. Marks in each section won't go below zero.

- Stage 5 labelling accuracy $\geq 80\%$ on test2 for words that can be found in the dictionary, +1;

Late Penalty

If you make a late submission without having prior agreement from the lecturer, late submission penalties will apply. Overall marks won't go below zero.
